

LAB SESSION REPORT

Work done in Lab Session:

- The Complete Flutter App Development Course for Android, iOS this is the course I am doing in this semester in WCMC
- First of all I started with the basic knowledge about the course in the first video they explain the outline of the course
- In the first video “GET STARTED” they showed the basic details of the course what is in the course. What is flutter why we are using flutter SDK
- They showed how to download flutter in windows and mac OS
- Then I started creating my first flutter application

Plans for next week:

In next week I will learn about

- ✓ Exploring widgets in flutter
- ✓ Container, Margin, Padding, and Box Container Class
- ✓ Custom fonts
- ✓ Column and expanded widgets
- ✓ Raised button and Alert Dialog
